About Me

I'm Atuzie Rex, a passionate and experienced Frontend Developer with certification from Udemy. I have a deep love for coding and problem-solving, I thrive in the world of technology and enjoy crafting innovative solutions to real-world challenges.

My technical skill set includes proficiency in HTML, CSS, JavaScript and TypeScript. I am particularly skilled in working with JavaScript framework React Js and other popular frontend frameworks like Tailwind CSS, Redux as well as Git Version control system, Integration of third party API's, building Responsive web applications.

I am a Highly motivated and seeking an opportunity to apply my knowledge and expertise in building modern and responsive web applications. Committed to creating exceptional user experiences and collaborating with cross-functional teams to deliver high-quality software solutions.

Education

Software Development

Udemy • Victoria Island, Lagos

02/2022

- Proficiency in JavaScript: A strong command of JavaScript, including its core concepts, syntax, and features.
- Front-end Development: Knowledge of front-end technologies like HTML5, CSS3, and JavaScript library React to create visually appealing and user-friendly interfaces.
- Responsive Design: Ability to create responsive web applications that adapt to different screen sizes and devices.
- Version Control: Proficiency in using Git version control systems for code management, collaboration, and deployment.
- Testing and Debugging: Ability to write unit tests, perform debugging to ensure code quality and application stability.
- Familiarity with server-side JavaScript frameworks like Node.js and Express.js to develop server-side logic, APIs, and databases.
