Summary

I'm Atuzie Rex, I'm a Frontend Developer, I am a Highly motivated and skilled JavaScript Frontend Developer seeking an opportunity to apply my knowledge and expertise in building modern and responsive web applications. Committed to creating exceptional user experiences and collaborating with cross-functional teams to deliver high-quality software solutions.

My technical skill set includes proficiency in HTML, CSS and JavaScript. I am particularly skilled in working with JavaScript frameworks such as React Js and other popular frontend frameworks like Tailwind CSS, Redux as well as Git - Version control, Integration of third party API's, Ensure cross browser and cross-platform compatibility, CI/CD. I also have experience working with Google Firebase for backend cloud computing services It hosts databases, authentication and more.

Education
